

# FACT SHEET

## Project Overview

The City of Carson is modifying the San Diego Freeway (I-405) at Wilmington Avenue Interchange. The interchange has significant congestion due to the high volume of trucks and vehicles accessing the freeway associated with the nearby business.

### Improvements:

- New Northbound I-405 On-Ramp at Wilmington Avenue
- Ramp Modifications
- Widening of Wilmington Avenue from E. 223rd Street to E. 220th Street
- Bridge Retrofit over Dominguez Channel
- Traffic Signal Synchronization

## Project Schedule

**Start:** Late-November 2013

**Estimated Completion:** Late 2015

## Project Cost

**Construction Cost:** \$18 million
