### WHAT TO EXPECT DURING ACTIVITIES

**Noise:** You may experience noise and vibrations from back-up alarms, work crews and other construction related equipment and activities.

**Flagmen:** Flaggers will be onsite when necessary to allow access to traffic.

**Access:** Business and resident access will be maintained at all times.

**Dust Mitigation:** Water trucks will be used to minimize dust.

**Use caution when driving through construction zones.**

*Note: Construction activity schedules and closures are subject to change due to inclement weather and/or other uncontrollable factors.*

**Why:** Upgrading aging infrastructure or completing other repairs to make needed improvements.

**\*About scheduled time:** Power may be off for the whole period or may be turned off more than once. This Planned Outage may not begin exactly at the stated start time. Some conditions may cause this planned outage to be postponed.

**How to Prepare:** To lessen the impact of an outage on your home or business, please follow these tips:

- ✓ To prevent loss of data and/or damage to your equipment, be sure to shut off or disconnect all sensitive electronic equipment, i.e. computers and fax machines, before the outage begins.
- ✓ Check security gates for how to operate them manually.
- ✓ This outage will affect your alarm systems and may affect private phone systems. Please alert security companies of this outage.
- ✓ If you plan to operate an emergency generator, please notify SCE before the outage so we can protect our employees from electrical back feed.
- ✓ For business customers, if you do not have a backup power supply, rent a portable one if needed.

**For more information:** Please visit [www.sce.com/outage](http://www.sce.com/outage) or call 1-(888) 759-6056 and reference planned outage number. Customers that use TTY equipment may call 1-(800) 352-8580.
