MAINTENANCE POWER OUTAGE NOTIFICATION

Su servicio eléctrico será interrumpido temporalmente por tareas de mantenimiento.

**OUTAGE # 816125
WILL OCCUR FROM
6:30 AM SATURDAY
APRIL 08, 2017**

**TO
7:00 PM SATURDAY
APRIL 08, 2017 ***

Why: Maintenance power outages give us the opportunity to install smart technology that makes the power grid better able to handle the increasing demand that a growing population requires. We also upgrade to new equipment and cable that will make it easier to restore your power in the future.

***About scheduled time:** Times are estimates. Power outages may not begin or end at the stated times. In order to cause you the least amount of inconvenience, we isolate the outages down to the smallest area possible and complete the work safely and as quickly as we can. Please be aware that your power may be turned on and off again more than once during the outage period.

How to Prepare: To lessen the impact of an outage on your home or business, please follow these tips:

- ✓ If you or someone in your household depends on electrically-operated life support or mobility equipment, you should be prepared at all times with a back-up power system or other plan to ensure your own health and safety during outages.
- ✓ Make sure food stays as cold as possible by keeping refrigerator and freezer doors closed and placing blocks of ice inside. For more information, visit sce.com/foodsafety.
- ✓ To prevent loss of data and/or damage to your equipment, be sure to shut off or disconnect all sensitive electronic equipment (i.e. computers and fax machines) before the outage begins.
- ✓ Learn how to manually open security gates and garage doors.
- ✓ This outage will affect your alarm systems and may affect private phone systems. Please alert security companies of this outage.
- ✓ If you plan to operate an emergency generator, please notify SCE before the outage so we can protect our employees from electrical back feed.
- ✓ For business customers, if you do not have a backup power supply, rent a portable one if needed.

For more information: Please visit sce.com/outage or call 1-888-759-6056 and reference outage number 816125. Customers that use TTY equipment may call 1-800-352-8580.

Para más información: La interrupción al servicio eléctrico podrá ocurrir durante el horario establecido para el corte programado o podrá ocurrir más de una vez. Es probable que el corte programado no comience exactamente a la hora indicada. Dependiendo de ciertas situaciones, este corte programado podrá ser cancelado o cambiado de horario. Si tiene alguna pregunta o desea averiguar el estado de este corte, favor de llamar al Centro de Servicio al Usuario al 1-888-759-6056 y mencionar el corte programado número 816125.

WHAT TO EXPECT DURING ACTIVITIES

Noise: You may experience noise and vibrations from back-up alarms, work crews and other construction related equipment and activities.

Flagmen: Flaggers will be onsite when necessary to allow access to traffic.

Access: Business and resident access will be maintained at all times.

Dust Mitigation: Water trucks will be used to minimize dust.

Use caution when driving through construction zones.

Note: Construction activity schedules and closures are subject to change due to inclement weather and/or other uncontrollable factors.
